# Alina Prodan

Law Student, Graphic Designer and Artist  
London, England, United Kingdom

## Summary

A confident, driven and sociable individual. I work collaboratively and individually to create a unique and innovative concept, idea or outcome within any project. Curious to develop more skills and experience as I start my journey!

I'm confident that I am a quick learner and grasp new information and technique extremely quickly. Most of my employment has been quite varied and I have been successful in researching all sectors and being able to be useful to businesses.

My personal interests:

- Law and crime (currently studying this degree at University.)
- Custom art and graphic design (my own business and project which I manage independently.)
- Art and exclusive works.
- Sports and healthy lifestyle. Competed in multiple, annual, athletics tournaments in Corby and am currently the Women's Basketball Club President at UoN.
- Literature and books.
- Psychology.
- Social media and Digital marketing.
- Photography.

Creativity, individuality and diversity are principles valued by me and I strive to cultivate these features in myself and the team around me "Thinking outside the box" is the motto I believe in.

---

## Experience

Chilli Village

Restaurant Supervisor

May 2022 - Present (10 months)

Northampton, England, United Kingdom

## Vespa Venom

### Creative Project Manager

August 2020 - Present (2 years 7 months)

Redesign your textiles and wear them again, because sustainability is the best powerhouse in fashion.

## Trilogy Leisure

3 years 3 months

### Administrator and Gymnastics Coach

December 2019 - Present (3 years 3 months)

## Testing Operative

February 2021 - May 2021 (4 months)

Northampton, England, United Kingdom

COVID-19 testing operative, helping people at frontline jobs, parents and children effectively and efficiently test for coronavirus.

## Grosvenor Casino

### Slot Supervisor

January 2022 - May 2022 (5 months)

Slot supervision was an insightful position for me.

It included the responsibility of hosting the slot games on the gaming floor, interacting with customers and watching out for gambling problems as well as making sure customers' emotional well-being was maintained and supervised.

Slot supervision also meant that I had to be able to manage, operate and fix the digital and physical components of slot machines or report faults to the engineering team. I had to be able to multitask well: customer interaction, slot hosting and tech maintenance all within one shift.

I personally found this position to be very unique and unusual to other job roles within the casino and gambling industry. It gave me access and insight into casino finance, casino customers and casino technology. All of which I found very fascinating and different to other sectors within employment.

## Kupi-Sam

### Junior Manager

September 2017 - January 2020 (2 years 5 months)

Northampton, England, United Kingdom

## Education

University of Northampton

Bachelor of Arts - BA, Law · (September 2022 - May 2026)
